**Re: Roberta Ludwig v. Marianne Tasker
Docket No.: 2:19-CV-03870 (RRM) (RLM)
BG&S File No.: HO180-3020**

Dear Judge Mann:

We represent the defendants/third-party plaintiffs, Marianne Tasker and David Tasker. We write in response to plaintiff's letter motion filed on July 31, 2020 requesting an extension of the fact discovery deadline, which is currently July 31, 2020.

The defendants have no objection to the plaintiff's request and, in fact, we join in the application. All depositions have been completed and the plaintiff has been examined by defendants' designated physician. The defendants served written discovery requests upon both the plaintiff and the third-party defendant following the completion of their depositions on July 22, 2020. No responses to same have yet been served.

I have conferred with counsel for the third-party defendant, Dan Dietchweiler, and he also has no objection to the requested extension of time.

We appreciate Your Honor's time and attention in considering these requests.

Very truly yours,

/Shaun M. Malone/
